ACCOUNTING

Accounting: A Practical Approach – 2nd Edition

NEW EDITION

Woodford W, Wilson V, Freeman S, Freeman J

This text is designed in an easy-to-read format and provides students with a comprehensive understanding of accounting concepts. Each chapter has been set out in a logically structured manner to cover the requirements of the TAFE NSW learning outcomes as well as the competencies in the national training package. A major strength of the text is the number and variety of questions available, including: worked examples and illustrations; self-test questions with answers; and entire examination papers. The text is accompanied by a comprehensive work book.

Competencies:

This text has been written to meet the requirements of the following competencies from the Financial Services Training Package, FNS04:

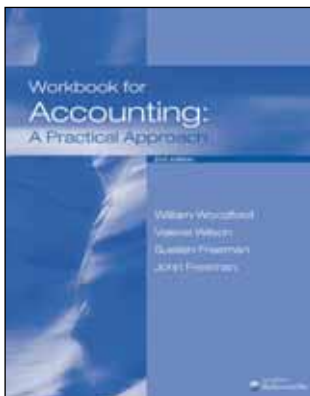

- FNSICACC304A – Prepare and bank receipts
- FNSICACC306A – Process journal entries
- FNSICGEN305A – Maintain daily financial/business records
- BSBCMN308A – Maintain financial records

BUSINESS LAW

Law in Commerce – 2nd Edition

Sweeney B J, O'Reilly J N

The text examines the legal principles and rules which are fundamental to an understanding of commercial law. It has been completely updated, incorporating recent case law and legislative changes in every chapter. The section on product liability has been considerably expanded and the chapters on corporations law have also been updated to include recent CLERP reforms. New to this edition is the inclusion of tutorial questions at the end of each chapter and a full set of PowerPoint slides on CD-ROM for lecturers using the text. The book is written in an easy-to-read style and generously illustrated with case examples and flow charts, ideal for all students of business, whether studying accounting, management or marketing.

Format: Book (Limp) 456pp Published: 03/04 ISBN: 9780409321173 Price: \$86.00
