

Lexis Affinity Library 3.0

Rising above with world class reporting.

Lexis Affinity Library 3.0 addresses the ongoing need for legal businesses in today's market to take further steps in addressing performance and profitability within the workplace.

Take ownership of your data and gain further insight into fee earner performance, year on year financial trends and what is making your firm money.

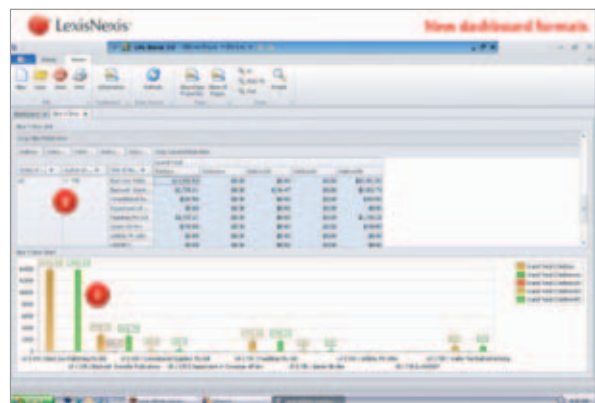

What are the features?

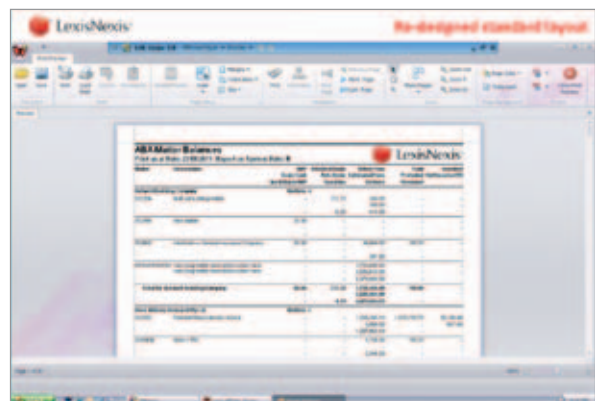

- Create customisable report schemas, specify any number of fields and determine the exact data requirements you need
- Copy and customise existing reports based on firm's needs
- Specify design layouts to create localised firm specific report designs
- Generate dashboards and graphs to present within meetings and presentations
- Multiple export formats

How will my firm benefit?

- Save money – no need to spend time and money on 3rd party reporting products
- Relevant reports – reporting based on your questions and needs
- Save time – reduce rendering time by cutting out unnecessary fields and variables
- Increased transparency on firm performance – departmental reporting based on what they need to know and level of detail
- Make better business decisions – get the right information you need to make more informed business decisions
- Improve business margins – understand what's costing you money

- 1 On-screen analysis drilling down into underlying data
- 2 Graphical presentation for easy interpretation

New standard report layout (template) designed to:

- Improve clarity/readability
- Reduce paper consumption
- Give better information about run-time options, etc
