Tax Havens of the World

Walter H. Diamond, Dorothy B. Diamond and John E. Sullivan III

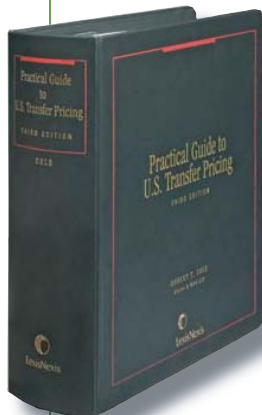

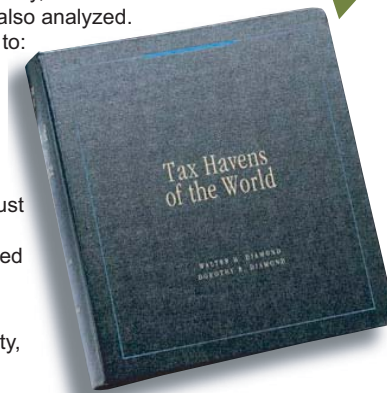

For more than 30 years, this international bestseller has examined tax havens in more than 70 geographical areas around the world. Updated quarterly, it rates each tax haven on the basis of 30 vital features. Tax reform pitfalls are also analyzed. This invaluable guide gives you expert, inside information on how to:

- Gain a foothold in a specific tax haven
- Qualify for investments and capital incentives
- Insulate profits
- Plan a business trust, including an asset protection trust
- Appraise economic and political risk factors
- Locate a trading company, captive insurance company, bank or trust
- Understand why to use trusts
- Examine types of exempt companies, offshore banking units, limited and partnerships venture capital enterprises
- Know where to transfer funds for the lowest withholding rates

Rely on this authoritative resource to provide the expertise, security, safety and confidentiality demanded by your clients.

NEW EDITION

Practical Guide to U.S. Transfer Pricing, Third Edition

Robert T. Cole

Written to help multinationals manage the U.S. transfer pricing rules and procedures, taking into account the international norms established by the Organisation for Economic Co-operation and Development (the "OECD"). It is full of examples, lists, tables, figures and diagrams and is designed for use by tax administrators, both those belonging to the U.S. Internal Revenue Service (IRS) and those belonging to the tax administrators of other countries, and tax professionals in and out of government, corporate executives, and their non-tax advisors, both American and foreign.

Transfer pricing rules are an inescapable part of doing business internationally. The U.S. rules are presented along with ideas on how to apply them in a rational fashion in a multi-jurisdictional world.

International GAAP® 2007

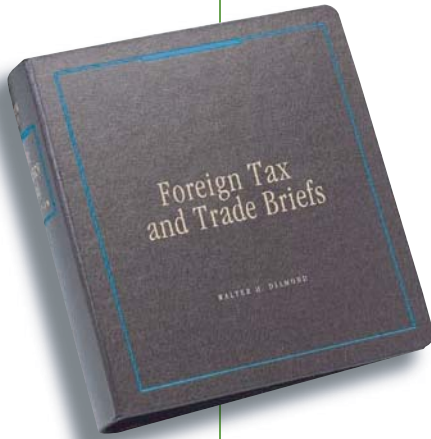

The standards set by the International Accounting Standards Board (IASB) are the authoritative requirements of international financial reporting, but their interpretation and practical application required something more. *International GAAP® 2007* is needed to provide that interpretation and guidance on the practical application of the new reporting regime.

International GAAP® 2007 goes much further than explanation. It interprets the standards, sets them in context and gives insights into how difficult practical issues should be approached in the real world of financial reporting.

It is indispensable for anyone involved in preparing, interpreting or auditing company accounts for all students of accounting.

Foreign Tax and Trade Briefs

Walter H. Diamond

Handle your critical international business ventures with the one information service that gives you the latest foreign tax, trade policy and currency data. Foreign Tax and Trade Briefs gives you the latest applicable taxes and tax rates for over 110 countries - individual, partnership or business profits, corporate, capital, real estate, dividends, remittance tax and dollar limit transfer, revenue, sales and miscellaneous. You also get expert commentary on applicable tax treatises. You get reliable information regarding:

- Significant tax facts that give you a comparative picture of the tax situation in the country or countries of interest
- Whether the tax or trade laws of specific countries are conducive to investment or permit reasonable profits
- The overall picture of tax and trade laws in the principal nations of the world where capital is frequently invested

Foreign Tax and Trade Briefs - International Withholding Tax Treaty Guide

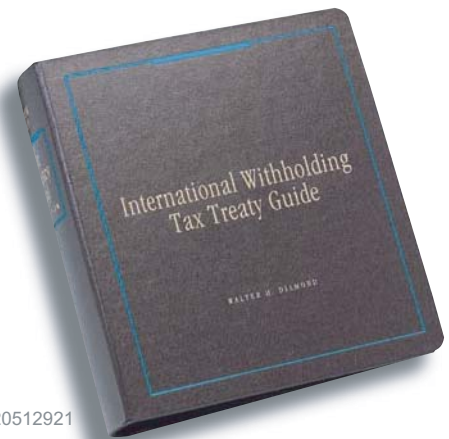

Walter H. Diamond

Featuring comprehensive coverage of the withholding tax treatise governing industrial and developing nations, this indispensable publication lets you know how to get the most for your money. For example, you will discover where you can receive royalties without being subject to tax or where very little tax is withheld, and where to transfer funds so as to be subject to the lowest dividend withholding tax. International Withholding Tax Treaty Guide provides the withholding tax rates for more than 110 countries in an easy-to-use table format. Each country covered has charts indicating current rates, including:

- **Normal Withholding Tax Rates for:**
 - Dividends-Royalties (Other than film)
 - Film Royalties
 - Technical Assistance Fees
 - Interest (Other than Bank Deposit)
 - Bank Deposit Interest
 - Shipping and Aircraft Income
- **Withholding Under Tax Treaties**

International Financial Reporting Standards 2007

International Accounting Standards Board

Updated 2007, the official IFRS Bound Volume contains all the new International Financial Reporting Standards (IFRSs) and all International Accounting Standards (IASs), with all the latest revisions and amendments, as of 1st January 2007. It also includes all the associated IASB pronouncements and application guidance.

Key updates for this Edition include:

- New Standard: IFRS 8 Operating Segments supersedes IAS 14 Segment Reporting
- New Interpretation: IFRIC 9 Reassessment of Embedded Derivatives
- New Interpretation: IFRIC 10 Interim Financial Reporting and Impairment
- New Interpretation: IFRIC 11 IFRS 2 - Group and Treasury Share Transactions
- New Interpretation: IFRIC 12 Service Concession Arrangements

The Official IFRS Bound Volume includes the Due Process Handbook for the IASB. Plus, a brief history of each pronouncement has been added to its title page.
