

Navigate the regulatory requirements,
obligations and application of the ASX
Listing Rules with confidence

Annotations to the ASX Listing Rules

An essential online companion to the ASX Listing Rules, providing comprehensive practical guidance on day-to-day regulatory requirements, obligations and Listing Rules applications.

Annotations to ASX Listing Rules will increase your efficiency in meeting and abiding by the ASX Listing Rules by:

- Providing you with confidence that you have the most recent information received via monthly updates.
- Saving you time. Instead of having to rely on the ASX or on senior partners to be available to answer tricky questions, this product will provide you with the decision support necessary to provide timely advice.
- Enabling you to make day-to-day decisions by providing company officers (Company Secretaries or Chief Financial Officers) a working knowledge of the ASX Listing Rules.

Important features

Comprehensive content – the only product to provide practical, hands-on guidance on the application of the ASX Listing Rules, going beyond a mere explanation or description.

Intuitive functionality – includes a table of waivers allowing subscribers to easily locate a relevant waiver by reference to the ASX Listing Rules, company name, waiver number or date of issue.

Topical expertise – written by top practitioners with extensive experience, providing valuable insight into regulatory policy and procedure.

Intuitive and extensive links – further research is facilitated with links to and from the relevant ASX rulebooks, ASX waivers, full text of cases, legislation, ASIC materials and specialist commentary*.

Relevant, current content – frequent online updates ensure currency.

*Links subject to subscription to relevant product.

About the authors
