Get the edge.

**High Court Analyser** is a brand new subscription solution brought to you by the Lexis Legal Analytics\* suite of products. Integrated with our award-winning legal research platform, Lexis Advance® and powered by our industry-acclaimed case set, CaseBase®, High Court Analyser empowers you to uncover new insights from High Court judgments — quickly and easily.

# Introducing High Court Analyser

Designed to make your analysis intuitive and immediately actionable, High Court Analyser is cleverly structured around 4 core areas: People & Parties | Outcomes | Words & Phrases | Most cited

## People & Parties

Find leading cases by representation, by judge and by party. View professional networks and profiles.

## Outcomes

Find trends in case law based on judicial outcomes.

## Words & Phrases

Find leading cases by words and phrases judicially considered in High Court judgments.

## Most cited

Find the leading cases relevant to your research. View cases by the number of times they have been cited by subsequent judgments.

# New insights. Faster. Better.

See new or previously hidden insights that others cannot. Refine your litigation strategy, go beyond traditional legal research, understand legal trends, better assess legal outcomes with confidence, and so much more.

## People & Parties

Analyse profile and networks of participants in the litigation process.

See litigation profiles of barristers and firms to form an effective legal team or better understand the opposing side.

## Judge Analysis

Quickly isolates cases for a particular judge, provides information on prior rulings & aids in thorough preparation.

Uncover connections between judges, parties and courts.

## Outcomes

Uncover previous orders in your targeted area to better understand potential outcomes.
