LAW ⸺ ORDER

What are the minimum system requirements for Lexis Red™?

As we enhance Lexis Red to introduce new features, minimum operating system requirements will change to keep pace with evolving technology. The below table sets out specifications for Lexis Red from release 3.15 (Jan 2021).

Platform	Operating System	Minimum Screen size	Device Type
Android	8	8 - inch	Tablet
iOS	13+	7.9 - inch	iPad Air 2+, iPad Mini 4+, or iPad 5+
macOS	10.11+	N/A	Laptop or desktop
Windows	8.1+	12 - inch	Tablet, laptop or desktop

To benefit from enhancements on our Lexis Red roadmap as they are released, we recommend our customers stay up to date with the most recent Lexis Red application for their operating system.

Older releases of Lexis Red may continue to work on older operating systems or devices. Please check minimum operating system requirements before upgrading to a new version of Lexis Red.

Lexis Red (WINDOWS 7 VERSION)

Platform	Operating System	Minimum Screen size	Device Type
Windows	7	N/A	Laptop or Desktop

Both the Windows 7 and Windows 8+ versions of Lexis Red are available as downloadable installer files from the Lexis Red **website**. Please speak with your IT team as installation requires administrator permission.

Please note the Windows 7 version of Lexis Red is a legacy application, and will no longer be updated. Maintenance and support will continue to be provided.

For training and support, please contact our dedicated Customer Support specialists on **1800 772 772** or **customersupport@lexisnexis.com.au.**
