**High Court Analyser** is the first subscription solution in the expanding Lexis® Legal Analytics suite of products. Integrated with our legal research platform, Lexis Advance®, and powered by our industry-acclaimed case citator, CaseBase® Case Citator, High Court Analyser empowers you to uncover new insights from High Court judgments—quickly and easily. Our range of innovative Legal Analytics solutions help data-driven lawyers make faster, better-informed decisions.

# Introducing High Court Analyser

Designed to make your analysis intuitive and immediately actionable, High Court Analyser is cleverly structured around 4 core areas: People & Parties | Outcomes | Words & Phrases | Most cited

### People & Parties

Find leading cases by representation, by judge and by party. View professional networks and profiles.

### Outcomes

Find trends in case law based on judicial outcomes.

### Words & Phrases

Find leading cases by words and phrases judicially considered in High Court judgments.

### Most cited

Find the leading cases relevant to your research. View cases by the number of times they have been cited by subsequent judgments.

## New insights. Faster. Better.

See new or previously hidden insights that others cannot. Refine your litigation strategy, go beyond traditional legal research, understand legal trends, better assess legal outcomes with confidence, and so much more.

### People & Parties

Analyse profile and networks of participants in the litigation process.

View a trend analysis of the number of cases by Court and Year. Sharpen your analysis with the filters to refine the case list.

### Judge Analysis

Quickly isolates cases for a particular judge, provides information on prior rulings & aids in thorough preparation.

Uncover connections between judges, parties and firms.

### Outcomes

Uncover previous orders in your targeted area to better understand potential outcomes.

Refine the case list to reflect the judgment category you wish to analyse

# Make your legal research more efficient

Save hours of analysis: High Court Analyser will dissect thousands of pages of High Court judgments for you at the click of a button.
