
ASIC Analyser

Uncover New Insights.
Get the edge.

ASIC Analyser is the latest subscription solution in the expanding **Lexis® Legal Analytics** suite of products. Integrated with our legal research platform, **Lexis Advance®**, and powered by our industry-acclaimed case citator, CaseBase® Case Citator, ASIC Analyser empowers you to quickly and easily uncover new insights from litigation involving the Australian Securities & Investments Commission. Our range of innovative Legal Analytics solutions helps data-driven lawyers make faster, better-informed decisions.

Introducing ASIC Analyser

ASIC Analyser is cleverly built around 4 core areas: Litigation Activity, Representation, Words & Phrases and Most Cited. It is designed to provide a view of judicial outcomes with a combination of legal insights thus making your analysis more intuitive and effective.

Litigation Activity

Evaluate risks and trends by reviewing concise and lucid overviews of penalty and outcome data for ASIC cases.

Representation

Assess the experience of counsel in relevant matters, acting for or against ASIC.

Words & Phrases

Find leading cases by words and phrases judicially considered in ASIC judgments.

Most Cited

Focus your research on cases with the most impact. View cases by the number of times they have been cited by subsequent judgments.

Make your legal research more efficient

Save hours of analysis: ASIC Analyser will dissect thousands of pages of ASIC judgments for you at the click of a button.

Litigation Activity

An intuitive dashboard view provides interactive visualisations for relevant cases, displaying penalties and costs, injunctions and restraints, liquidators appointed, and banning orders. Review the data based on a flexible range of meaningful parameters, including: court; year; categories of conduct; and section contravened.
