Land and Environment Court

Simon Harrison, Partner, **Herbert Geer**

Michael Astill, Partner, **Blake Dawson**

Felicity Rourke, Partner, **Deacons**

Peter Briggs, Partner, **Clayton Utz**

Jim Parker, Partner, **Allens Arthur Robinson**

Megan Hawley, Senior Associate, **Lindsay Taylor Lawyers**

Nicole Harris, Senior Associate, **Wallmans Lawyers**

Eric Coonan, Senior Associate, **Deacons**

Product of:

LexisNexis
Professional Development

Day One: Monday 17 November 2008

- 8.30 **Conference registration**
- 8.50 **Opening remarks from the Chairperson**
Simon Harrison, Partner, Herbert Geer
- 9.00 **Raising the bar of obligations for ground breaking developments with the Contamination Act reform**
- Where from and where to with an overview of reform of contaminated land management legislation
 - Looking at how the imposition of management or clean up orders are likely to be used
 - Advising on how responsibility and accountability have been incorporated into the legislation
 - Drilling down to the implications of the reforms for landowners, developers and public authorities.
- Megan Hawley, Senior Associate, Lindsay Taylor Lawyers*
- 10.00 **Drafting an application involving contaminated land**
- Knowing what the new powers of the EPA are concerning thresholds and the provision of reports
 - What the new positive test is for reporting risk, how it differs from the previous benchmarks
 - When the new ability to order preliminary investigations to determine risk are likely to be triggered
 - How new regulations enable compensation to be paid to people affected by contaminated ground water
- 11.00 **Morning tea**
- 11.20 **Considering contamination reform specifically applicable to Underground Petroleum Storage Systems**
- Overview of how, until now, underground petroleum storage systems have gone undetected by law
 - What is required by the Protection of the Environment Operations (Underground Petroleum Storage Systems)
 - Regulation 2008, which commenced on 1 June 2008
 - Who is responsible for a UPSS and what obligations exist which have never existed before
 - What is an appropriate system for detecting and monitoring leaks
 - How an Environmental Protection Plan for an existing UPSS differs from pollution control equipment required for new facilities
 - How to operate under the Exemption Plan and what to advise on the managing of existing UPSS
 - What to be aware of for clients with service stations, fuel terminals and depots, commercial and industrial premises, local council depots, airports and marinas
- 12.20 **Networking lunch for speakers and delegates**
- 1.30 **Doing away with papers and discussion; getting a practical insight on the Carbon Emissions Trading Scheme**
- Carbon Pollution Reduction Scheme - overview and implications for industry;
 - *National Greenhouse and Energy Reporting Act* - who does it apply to and what does it mean for industry; and
- Felicity Rourke, Partner, and Eric Coonan, Senior Associate, Deacons*

2.30 **Your essential case law update and analysis**

Blue Wedges and Port Phillip Bay in the Federal Court

- What is highlighted by the awarding of costs against Blue Wedges in its case against Environment Minister Peter Garrett
- How the anti-dredging group Blue Wedges presented the case against the channel deepening of Port Phillip Bay
- What the messages are for where a business case for project approval loses ground
- What water quality testing for toxicity means for the role of consultants in applications

Fighting the big Gunns in Tasmania

- What is highlighted about economic interests in the decision by Federal Environment Minister Malcolm Turnbull to approve the Tamar Valley pulp mill by Gunns Ltd
- Pointing out the signs for when acquisition and source reduction may not be clear cut
- Looking at how emerging environmental policy compares with the approach taken to regulating behaviour in Tasmania

Conducting litigation in the Federal Court as in the case of Anvil Mines

- What was the matter with environmental sustainability in this case
- Assessing the significance or substantiality of an impact when the EPBC Act does not prescribe a frame of reference to which the Minister can refer
- How submissions were made on irreparable harm and climate change
- Applying the approach given to greenhouse gases arising from the proposed action

CASE LAW UPDATE

3.30 **Afternoon tea**

3.45 Land and Environment Court Commissioner Jan Murrell on what 2008 means for 2009 and beyond

- Looking back at hearings in 2008 and seeing the common threads
- Choosing the appropriate path to resolve development appeals to the Court
- Keeping it proportional and conciliating under Section 34
- Recent planning changes - certainty or confusion?

Commissioner Jan Murrell, Land and Environment Court

4.30 **Close of day one**

Who should attend?

- **Practice groups in:**
 - Planning & Environment
 - Property
 - Energy
 - Construction, and
 - Development
- **Local Government and departmental staff**

Day Two: Tuesday 18 November 2008

8.30 **Conference registration**

8.50 **Opening remarks from the Chairperson**

Simon Harrison, Partner, Herbert Geer

9.00 **Balancing the risks associated with paying for restoration vs designing to accommodate rising sea levels**

- What rising sea levels mean for the 80% of Australian who live in coastal zones
- How the courts have approached the issue in 2008 hallmark cases, including Walker – NSW – Part 3A
- Identifying the warning bells for costs and liability concerning planning, approval, development and infrastructure
- Working backwards from projections and advising on liability in the design process now

Peter Briggs, Partner, Clayton Utz

10.00 **Supporting applications for coastal development**

- Reducing the time taken for assessment by incorporating likely conditions for approval in the original application
- Reviewing the directions provided by the Land & Environment Court and anticipating the potential grounds for challenging refusal
- Being alive to the litigious nature of climate change and providing prospects advice for applications for coastal development with regard to sea levels

Jim Parker, Partner, Allens Arthur Robinson

11.00 **Morning tea**

11.20 **Getting up to speed with the Reforms made to the NSW Environmental Planning & Assessment Act (Act)**

- Walking through the major developments with Part 3A and the creation of a Planning Assessment Commission
- How to best work with Joint Regional Planning Panels rather than Councils when obtaining consent authorities
- How to approach compliance issues with the new development codes for residential, commercial and industrial development
- Laying out the entirely new Part 9 disclosure obligations: what the technical changes to developer contributions mean for practical matter management with documenting deals and declaring donations
- Advice on negotiating with Planning Arbitrators before commencing an appeal in the Court.

Michael Astill, Partner, Blake Dawson

12.20 **Networking lunch for speaker and delegates**

1.40 **Looking to the experiences in South Australia and further reforms to the South Australian system**

- The South Australian experience with the independent Development Assessment Commission and Council Development Assessment Panels
- Looking at the proposed greater powers for the Minister to 'call-in' developments which affect the economic, social or environmental interests of the State or regions
- Road testing a Residential Code to streamline development assessment processes

Nicole Harris, Senior Associate, Wallmans Lawyers

2.30 **Avoiding the new fines of up to \$100,000 for certification of building works**

- Knowing what needs to be certified, by whom and how new requirements differ from prior practice
- Avoiding penalties for non-compliant building work by coordinating construction certificates and certifiers
- Advising on how certifiers are restricted from issuing subdivision certificates associated with Environmental Planning Instruments (LEPs and SEPPs)
- Linking insurance and final certification procedures with the ten-year limitation period in which any proceedings can be brought and knowing the exemptions

3.30 **Afternoon tea**

3.45 **Planning & environment considerations experienced by Herbert Geer in Major Infrastructure Projects**

- Linking legislative provision and practical experience with what Part 3 (A) means for lawyers and business clients
- Looking forward to how the Planning Reforms of 2008 are likely to be experienced when they are put to ground
- Having regard to the developments in planning and environment case law and linking climate change with Major Infrastructure Projects

Robert Wilcher, Partner, Herbert Geer

4.30 **Close of conference**

Future events:
